

We are pleased to announce that our online banking is now compatible with QuickBooks® Windows 2019, QuickBooks® Windows 2018, QuickBooks® Windows 2017, QuickBooks® Mac 2020, and QuickBooks® Mac 2019.

QuickBooks® Usage Instructions

1. Log into Home (Online) Banking
2. From the Account Summary screen, click on options and Download to QuickBooks – QBO.

3. A new screen displays to choose all accounts or individual accounts. Select a start and end date that is in a timeframe of transactions. Click download and a QBO file is downloaded.

Download to QuickBooks – QBO File

[Cancel](#)

Start Date :	<input type="text" value="11/08/2015"/>	Shortcuts: today 10 days ago 30 days 60 days 90
End Date :	<input type="text" value="11/10/2015"/>	Shortcuts: today 10 days ago 30 days 60 days 90
Accounts :	<input type="text" value="SHAREDRAFT - MEMBER - XXXXXX3707-S75"/>	

NOTE:

- The default download range is the last 180 days.
- Downloading transactions that overlap with a previous download is ok.

4. The QBO file can be imported into QuickBooks. The file will contain the transaction information for the selected accounts and will be between the dates specified in the download selection. The information in the file will match to the online banking transaction history.
